**March**

It's March, the month of change—in like a lion and out like a lamb. With the days getting longer, daylight saving time will start next Sunday the 14th of March. Who do we have to thank for this wonderful idea? Would you believe that Benjamin Franklin first wrote about it in his paper on the “Thrift of Natural versus Artificial Light.” After that various people talked about it until it came to prominence in the 1970’s with the Oil Embargo Crisis. It is thought to save energy but some say the savings is not that much. Remember it’s Spring—Forward on the second Sunday of March and Fall-Back on the first Sunday in November.

She is the President of the Davis High School Blue and White Foundation. Candidates have until Friday March 12th to file nomination papers with the City Clerk’s office.

Peter Wilson from Explorit will be talking about it’s money problems and it’s future. Please note that the program for March 16th is in Red. It is very important for members to attend. Bring your questions—your pros-and cons. Should we merge or should we remain two separate clubs.
